

Simple • Accurate • Convenient

basecal[®]

Basecal[®] is an unflavoured, powdered protein-free feed, designed to offer an accurate and simple way of providing protein-free nutrition.

- ✓ Convenient pre-measured sachets - No weighing or measuring required
- ✓ Quick and easy to make – Saves preparation time
- ✓ Choice of two pack sizes – Can be tailored to your needs
- ✓ Easy to carry around with you – Discreet at school or work

Basecal contains docoshexaenoic acid (DHA) and arachidonic acid (AA).

Basecal can be used with the **amino5** range of condition-specific, powdered amino acid supplements.

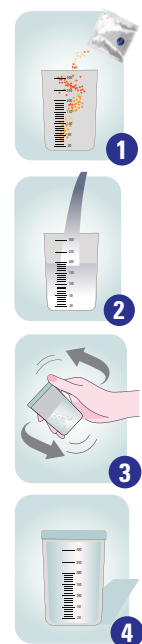

Preparation instructions:

For the standard dilution of 1kcal/ml:

1. Empty the contents of the sachet into the beaker.
2. For **basecal100** add cold water to the 100ml line.
For **basecal200** add cold water to the 200ml line.
3. Replace lid and shake well for 10 seconds.
4. **basecal** is now ready to use.

For best results, **basecal** should be freshly prepared and used immediately.

Any unused **basecal** should be refrigerated and used within 24 hours.

Basecal is a food for special medical purposes and should be used under medical supervision
